## **ROLE OF SCHOOL DISTRICT ADMINISTRATION**

In this series of the board policy manual, the board defines the role and the employment of school district administrators. Policies in the 400 Series, "Employees," also apply to administrators unless a more specific policy exists in the 300 Series, "Administration."

School district administrators have been given a great opportunity and responsibility to manage the school district, to provide educational leadership, and to implement the educational philosophy of the school district. They are responsible for the day-to-day operations of the school district. In carrying out these operations, the administrators are guided by board policies, the law, the needs of the students, and the wishes of the citizens in the school district community.

It shall be the responsibility of the administrators to implement and enforce the policies of the board, to oversee employees, to monitor educational issues confronting the school district, and to inform the board about school district operations.

While the board holds the superintendent ultimately responsible for these duties, the principals are more directly responsible for educational results, for the administration of the school facilities and for the employees.

The board and the administration shall work together to share information and decisions under the management team concept.

## **MANAGEMENT**

The board and the administrators shall work together in making decisions and setting goals for the school district. This effort is designed to obtain, share, and use information to solve problems, make decisions, and formulate school district policies and regulations.

It shall be the responsibility of each administrator to fully participate in the management of the school district by investigating, analyzing, and expressing their views on issues. Those board members or administrators with special expertise or knowledge of an issue may be called upon to provide information. Each board member and administrator shall support the decisions reached on the issues confronting the school district.

The board shall be responsible for making the final decision in matters pertaining to the school district.

It shall be the responsibility of the superintendent to develop guidelines for cooperative decision-making.

## SUPERINTENDENT QUALIFICATIONS, RECRUITMENT, APPOINTMENT

The board will employ a superintendent to serve as the chief executive officer of the board, to conduct the daily operations of the school district, and to implement board policy with the power and duties prescribed by the board and the law.

The board will consider applicants that meet or exceed the standards set by the Iowa Department of Education and the qualifications established in the job description for the superintendent position. In employing a superintendent, the board will consider the qualifications, credentials and records of the applicants without regard to race, color, creed, religion, sex, national origin, age, sexual orientation, gender identity or disability. In keeping with the law, however, the board will consider the veteran status of the applicants. The board will look closely at the training, experience, skill and demonstrated competence of qualified applicants in making its final decision.

In choosing a superintendent, the board will also consider the school district's educational philosophy, financial situation, organizational structure, education programs, and other factors deemed relevant by the board.

The board may contract for assistance in the search for a superintendent.

The first two years of a contract issued to a newly employed superintendent shall be considered a probationary period. The board may waive this period or the probationary period may be extended for an additional year upon the consent of the superintendent. In the event of termination of a probationary or non-probationary contract, the board shall afford the superintendent appropriate due process, including notice by May 15. The superintendent and board may mutually agree to terminate the superintendent's contract at any time.

If a superintendent's contract is not being renewed by the board, the contract will be extended automatically for additional one-year periods beyond the end of its term until it is modified or terminated as mutually agreed to by the parties or until the superintendent's contract is terminated consistent with statutory termination procedures.

It shall be the responsibility of the board to provide the contract for the position of superintendent.

If the superintendent wishes to resign, to be released from a contract, or to retire, the superintendent must comply with board policies dealing with retirement, release or resignation.

### **SUPERINTENDENT EVALUATION**

The board will conduct an ongoing evaluation of the superintendent's skills, abilities, and competence. At a minimum, two of the board members will formally evaluate the superintendent on an annual basis. The goal of the superintendent's formal evaluation is to ensure the education program for the students is carried out, promote growth in effective administrative leadership, clarify the superintendent's role, clarify the immediate priorities of the board, and develop a working relationship between the board and the superintendent.

The superintendent will be an educational leader who promotes the success of all students by:

- Facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by the school community.
- Advocating, nurturing and sustaining a school culture and instructional program conducive to student learning and staff professional development.
- Ensuring management of the organization, operations and resources for a safe, efficient and effective learning environment.
- Collaborating with families and community members, responding to diverse community interests and needs and mobilizing community resources.
- Acting with integrity, fairness and in an ethical manner.
- Understanding the profile of the community, and responding to and influencing the larger political, social, economic, legal and cultural context.

The formal evaluation will be based upon the following principles:

- The evaluation criteria will be in writing, clearly stated and mutually agreed upon by the board and the superintendent. The criteria will be related to the job description and the school district's goals;
- At a minimum, the evaluation process will be conducted annually at a time agreed upon;
- Each board member will have an opportunity to individually evaluate the superintendent, and these individual evaluations will be compiled into an overall evaluation by the entire board;
- The superintendent will conduct a self-evaluation prior to discussing the board's evaluation, and the board as a whole will discuss its evaluation with the superintendent;
- The board may discuss its evaluation of the superintendent in closed session upon a request from the superintendent and if the board determines its discussion in open session will needlessly and irreparably injure the superintendent's reputation; and,
- The individual evaluation by each board member, if individual board members so desire, will not be reviewed by the superintendent. Board members are encouraged to communicate their criticisms and concerns to the superintendent in the closed session. The board president will develop a written summary of the individual evaluations, including both the strengths and the weaknesses of the superintendent, and place it in the superintendent's personnel file to be incorporated into the next cycle of evaluations.

This policy supports and does not preclude the ongoing, informal evaluation of the superintendent's skills, abilities and competence.

Therefore, administrators shall conduct themselves professionally and in a manner fitting to their position.

Each administrator shall follow the code of ethics stated in this policy. Failure to act in accordance with this code of ethics or in a professional manner, in the judgment of the board, shall be grounds for discipline and, possibly, dismissal.

### **SUCCESSION OF AUTHORITY TO THE SUPERINTENDENT**

In the absence of the superintendent, it shall be the responsibility of the other administrators to assume the superintendent's duties. The succession of authority to the superintendent shall be in this order:

1. Building Principals
2. Curriculum Coordinator

If the absence of the superintendent is temporary, the successor shall assume only those duties and responsibilities of the superintendent that require immediate action. If the board determines the absence of the superintendent will be a lengthy one, the board shall appoint an acting superintendent to assume the responsibilities of the superintendent. The successor shall assume the duties when the successor learns of the superintendent's absence or when assigned by the superintendent or the board.

References to "superintendent" in this policy manual shall mean the "superintendent or the superintendent's designee" unless otherwise stated in the board policy.

## COMMUNICATION CHANNELS

Questions and problems shall be resolved at the lowest organizational level nearest to the complaint. School employees shall be responsible for conferring with their immediate supervisor on questions and concerns. Students and other members of the school district community shall confer with a licensed employee and then with the principal on questions and concerns.

If resolution is not possible by any of the above, individuals may bring it to the attention of the superintendent within 5 school days of their discussion with the principal. If there is no resolution or plan for resolution by the superintendent within 5 school days of the individual's discussion with the superintendent, the individual may ask to have the question or problem placed on the board agenda. The action of the board will be final.

It shall first be the responsibility of the administrators to resolve questions and problems raised by the employees and the students they supervise and by other members of the school district community.

NOTE: There should be limits on the length of time an individual has to pursue complaints in order to bring the issue to closure. The board needs to determine the appropriate number of days, five for example, and place that in the blanks. There are also limits similar to this in Policy 502.4, and the board may want to use the same number of days in that policy to ensure consistency.
