

WEST FORK RETURN TO LEARN PLAN

The West Fork Community School District plans to remain in traditional (pre-pandemic), in-person learning model for all students and staff and will continue to do so unless otherwise communicated.

Given the uncertainty we experienced during the pandemic, the district will continue to follow guidance from public health officials and the state, and will adjust our education plan* if needed. The district will also continue to be diligent in its cleaning efforts to support public health.

Masks will not be required.

*If something were to change regarding the safety of in person learning, We may return to the 2020-2021 School Year Return-To-Learn instructional models (online or hybrid) if needed.

CURRENT OPERATION PLAN HIGHLIGHTS

- Return to and remain in traditional education model - *in person attendance required for all students and staff*
- Continue to follow guidance from county/state public health and the Iowa Department of Education
- Mask Wearing optional for students, staff, and visitors.
- Maintain certain cleaning measures in support of public health
- Students/Staff stay home when ill and keep school nurses informed.
- **WE ARE ALL IN THIS TOGETHER!**
